

INNOVATION DAY

MATCHMAKING

November 28th, 2024

Conseil Régional d'Ile-de-France
8 blv Victor Hugo 93400 Saint-Ouen

Domaine de Recherche et d'Innovation Majeur

Morning session

9h00 Opening speeches from Université Paris Cité, Région Ile-de-France, Senator Paoli-Gagin, Amanda Silva Brun & Ariel Lindner

10h20 **Keynote : Filippo Menolascina** – University of Edinburgh
Director of the Engineering Biology Center, Prof Menolascina co-directed and co-built the Edinburgh Genome Foundry, one of the main european biofoundries.
Title: **From gene circuits to living therapeutics: the new wave of engineered therapies**

11h00 Networking coffee

Short talks session 1

11h25 **Benoit Chassaing** – Institut Pasteur
Host-Microbiota interactions : why mucus matters !

Vincent Libis – INSERM
Scalable discovery of microbial secondary metabolites through synthetic biology

Selected short talks (open to abstract submission)

12h35 **Short talks from BioConvS PODs: IVETH, ART-TG, CiTHERA, Centre MEARY**

13h00 – 14h30 : Lunch break and stands village

Meet technological platforms, tech transfer offices, funding agencies and much more!

More info and registration at <https://bioconvday2024.sciencesconf.org>

Afternoon session

- 14h30 **Keynote : Harry Sokol** – AP-HP
Professor of Gastroenterology at the Saint-Antoine Hospital, Prof Sokol is a pioneer of microbiota-based biotherapies.
Title: **Faecalibacterium prausnitzii: from lab discovery to first clinical trials**

Short talks session 2

- 15h10 **Jesus Fernandez** – Eligo BioSciences
In situ targeted base editing of bacteria in the mouse gut

Selected short talks (open to abstract submission)

15h50 – 16h35 : Poster session

Evening session

- 16h35 **Gael Moquin Beaudry**– Institut Gustave Roussy
Innovators of Tomorrow: the BioConvS program to help you take your first steps in innovation
- 16h45 **Keynote : Maxime Feyeux** – TreeFrog Therapeutics
Co-Fondateur et Directeur Scientifique de TreeFrog Therapeutics, le Dr Feyeux est l'un des pionniers de la recherche sur les cellules souches pluripotentes en France.
Title: **Biotherapies between hope and clinical reality**
- 17h15 **Round table: Anne Galy, Philippe Menasché, Makoto Miyara**
Innovators of Tomorrow: the BioConvS program to help you take your first steps in innovation
- 17h45 **Wrap up and poster prize**

18h00 – Evening cocktail
